

## ON THE BRINY DEEP

## MORE FOREIGN VESSELS IN PORT TO DAY.

## Hawaiian Schooner Honolulu Arrived—Another Big Sugar Carrier—S. S. Monmouthshire.

The Honolulu brought a deckload of calves and sheep for the Metropolitan Meat Co.

If the Kona gets her sugar out in time, she will return to Honolulu this evening for another load.

The last Valdivia, 42 days from Port Blaker, sailed for Allen & Robinson, arrived in today.

The Kona brought 2245 bags of sugar for F. A. Schaefer & Co. to put into the steamer S. S. Valdivia.

Tomatoes, high tide large 100 lb. per bag, low tide small 25 lb. per bag, 25 lb. per bag, low tide small 15 lb. per bag.

As she could not get her coal in in time, the Kona will leave for New York tomorrow.

The steamer Kona came in this morning with her usual miscellaneous cargo. She will leave at 5 p.m. Monday on her regular route.

The bark Andrew Welch, which sailed for San Francisco yesterday, took 29,545 bags of sugar valued at \$22,116.25. The sweet stuff was shipped by F. A. Schaefer & Co. and U. Brewer & Co.

Shipments per S. S. Monowai to San Francisco on Thursday were 50 crates pine, 4 box beet leaf, 188 boxes bananas, 1455 bunches bananas, 2 cases personal effects. The foreign produce was valued at \$125 and the domestic at \$185.

The British steamship Monmouthshire from Portland and waypoints arrived in this morning. She left Comox, Washington, on Dec. 29. For Honolulu she brought about 40 tons of freight and several passengers. The H. Davies & Co. are the agents. The Monmouthshire will probably leave for Japan and China tomorrow or Monday.

The fine American wooden ship S. P. Hitchcock, Gates master, arrived yesterday afternoon, about 2 1/2 days from San Francisco. The shipper is accompanied by his family. During the first ten days out, the big ship went through severe gales, after which light winds took her to New York after she had changed ballast.

The New Hawaiian schooner Honolulu from Honolulu, Oahu, arrived yesterday evening with a cargo of fertilizer for the H. Davies & Co. She made the voyage in 30 days, having experienced fine weather throughout. The Honolulu was launched in Glasgow, Scotland, in April, 1901. She is a four-masted steel vessel of about 120 tons, and is much like the American wooden schooners common in these waters. Her decks are of steel. The furnishings are in oak, maple and hickory. The schooner is owned by parties in San Francisco. A fine model of the vessel is in the master's possession.

## ARRIVALS.

FRIDAY, JAN. 8.

Haw scho Honolulu, Thompson, from Honolulu.

Am ship S. P. Hitchcock, Gates, from San Francisco.

## SELECTING A PIANO.

Strike Hard and Hear the Real Tone.

Brilliant Instruments Were They.

In purchasing a piano it is said by experts that the tone given out after striking the keys hard is the tone to which the piano will ultimately wear. If it is at all metallic or thin, the piano should not be bought. The ideal piano should have brilliancy, sweetness, volume, a singing quality of tone, an easy action and should be guaranteed to wear for ten years at least. It should improve with use, but this very few instruments do.

The matter of selecting a piano to most people, and to many that have some knowledge of music and piano, is a great difficulty. Many people will allow an agent to put a piano in their house, and in this way have no way of comparing pianos, to tell what is best for them.

In the question of pianos, as in everything, "the best is the cheapest." There are many good makes that are recognized as standard pianos, and these pianos cost but little more than a cheap one. The opinion of the people in general is what tells for a piano.

In looking at a lot of pianos a person not thoroughly understanding pianos will be inclined to select the very opposite in the way of tone that he wants. The dealer will tell you "this is a fine, brilliant piano; see how clear it is. You can hear every bit of that—nothing covered up."

Now, in considering this matter, the Etude advises that this is the very kind of piano not to select. The brilliant tone will soon wear metallic, and then you will have a "tinny" piano. Get a piano that is somewhat muffled; it will wear brighter quick enough, and in the case of the muffled piano the tone will improve and come up to its best point with usage. But in the case of the brilliant piano, the tone is at its best at first and will continue to go back instead of improve. Do not get a light action piano. It will not stand the heavy playing like a heavy action will. And if your piano has a heavy action you will not be troubled when asked to play on a piano that has a heavy action; you will not be at a disadvantage from lack of power.

Do not, if it can be avoided, get a piano of a comparatively new make. You run a risk not to be encountered in buying of an old established firm. The agent or dealer will tell you the new and cheaper piano is just as good, but always remember that he talks for "No. 1," and that more money is to be made on a cheap piano than on a good one. Do not purchase an instrument that has some new "fad" that is claimed to make it "superior to all others." There is no such thing as a "superior" piano, according to the manufacturer's advertisement, is "unrivaled."

**How to Keep Cakes.**  
Cakes keep for a long while in tin with lids that fit well, and so many things are now sold in large tins that it is easy to have separate tins for the different kinds. Several sorts of cakes should not be kept in the same tin. If all get a confused kind of flavor, one another, and it is particularly bad to keep gingerbread with any other cake. All cakes, as well as bread pans, should be turned out once a week, emptied of crumbs, and wiped round with a dry, clean cloth, in order to prevent a stale, musty taste that is apt to develop itself. Cakes made with yeast get stale as quickly as bread does, but cakes made with baking powder or palsey flour are the better for keeping. The golden rule for the satisfactory baking of such cakes is to put them in a hot oven directly they are mixed, and to have everything prepared beforehand, so that the mixing is done quickly.

**When Washing Windows.**

Kerosene oil added to the water with which mirrors, windows or anything of glass is to be washed will give a luster. A pint of water and 3 tablespoonfuls of oil will wash four large windows. First dust the windows carefully, then rub well with kerosene and water, wipe with a cloth and polish with old newspaper.

**A Search.**

The sweet girl graduate trying in vain to find something she does not know already.—Life.

**A Panic Prevented.**

What the consequences might have been if the Palama Grocery had not received another large invoice of the justly celebrated Salvation Army Tea, is something awful to contemplate. When we first advertised it, we expected quite a run on it, but the demand lately has far exceeded our expectations. However, in time to prevent a panic we are in receipt of another large invoice. H. Cannon, sole agent for the Islands. Palama Grocery, Tel. 755.

## LEWIS &amp; CO.

Families will find it to their interest to buy canned goods or bottled delicacies by the case.

They keep as well in the pantry as on our shelves and the purchaser gets the benefit of the wholesale rate. The saving is considerable and our prices are as low, if not lower than any place in Honolulu. There's no question about the quality. Think it over and let this be one of your 1897 resolutions.

Among the many relishes for use on the table every day and for hot or cold meats, Chutney ranks first. It is essentially East Indian and the flavor of the spices gives zest to the appetite. Some of the brands are from formulas evolved in the brains of English army officers who have campaigned in India. The aptitude of the English to cotton on to good things for the table is proverbial and the "designing" of Chutney has not weakened their reputation in this respect.

We have seven different brands of Cocoa: Gheradelli's; Phillips Digestible; Van Houtens; Epps Homeopathic; Walter Bakers Breakfast; Cracked in bulk and Cocoa Shell in bulk. Persons finding Chocolate too heavy for them experience only pleasant results from the use of cocoa. We are certain of the quality of the goods and do not hesitate to recommend them.

We believe we carry the largest stock of groceries in Honolulu and our facilities for supplying customers is unsurpassed.

All instruments sold on easy monthly payments.

**WALL, NICHOLS CO.,**

The money savers for you.

## The Y. M. C. A. Evening classes are offering opportunities to the young men of this city that they find nowhere else.

The government night school has its mission, and is a great boon to a certain class, but its field is limited to the "three Rs," while the Y. M. C. A. school offers work in many lines.

The class in bookkeeping has just completed an elementary course of thirteen weeks, and we are glad to offer a more advanced course, which will be open to all who have a sufficient knowledge of figures. If you are an office boy or a clerk, prepare yourself for advancement.

The new class in Hawaiian has exceeded our expectations; lawyers, teachers, clerks and others have availed themselves of this opportunity to get a business knowledge of Hawaiian. This class will continue for another term, and is open to all who can go on with it.

The classes in vocal music and shorthand will also continue the good work done by them last term, and are open to all, both old and new members.

The class in elementary studies will give special attention to the correct reading, writing and spelling of the English language, as well as to arithmetic and geography.

The last term of the school year will open on Monday evening, Dec. 11, and will continue for thirteen weeks.

H. M. WELLS.

## FOR SUNDAY AFTERNOON.

Program of the Makee Island Band Concert.

If the weather is fine tomorrow afternoon everybody will be going out to the band concert at Makee Island, which commences at 3 o'clock. Professor Berger has arranged the following program of music:

The Old Hundred

PART I.

Overture—Stranger and Son—Mendelssohn  
Ballad—The Last Waltz—Puccini  
Finale—If I Were a Rich Man—Verdi  
Reminiscences of Rossini—Gladys

PART II.

Overture—Romilda and Constance—Mendelssohn  
Fantasy—Awakening of the Lion—Kontski  
Gavotte—Princess May—Kottmann  
Finale—Idyll—Sullivan  
Hawaii Honolulu.

## Illustrated Bible Talk.

The following is a partial list of Bible scenes to be shown in the fourth illustrated Bible talk at the Methodist Episcopal church tomorrow evening:

Naomi and Ruth; Boaz and Ruth; Child Samuel; Samuel before Eli; Return of the Ark from Philistia; Death of Agag; Samuel blessing Saul; David and Goliath; Saul attempts David's life; David's life saved by his wife; David spares Saul's life; Death of Saul; Abishai saves David's life; Death of Absalom; David mourning for Absalom; David, Solomon and the Queen of Sheba; Judgment of King Solomon; King Solomon; Views of the lives of Elijah and Elisha.

## Information for Tourists.

A passenger by the last Colonial steamer was met on the dock by a Milesian American friend, who resides in Honolulu. As the pair waited to have the newcomer's gripack scrawled over with chalk marks by the Customs Inspector at the gate the stranger remarked to his friend "Do you have much rain here?" "RAINIER me boy, gallons of it, just come up to the Anchor Saloon where they keep it always, clear and cool. We'll just be in time for lunch too and that's the only place in town where they serve it up in proper style with a glass of RAINIER BEER to equilibrialize the solids—They went!"

Anna Held, the French singer, was engaged for \$500 to sing two songs at a stag dinner at the fashionable Duquesne Club, Pittsburg, Pa. The diners were so hoisterous in their applause after three verses of the first song were given that Miss Held sat down in dismay. She soon after left the hall with her manager without completing the contract. At first the diners protested against the cut in the performance, but later "took a tumble" to themselves and tried to keep the affair dark. It was the talk of the town, however, the next day.
